WAC 165/6 PP1

WAC 165/6 PP1 is a choice of designers and architects - this is an elegant, rectangular loudspeaker with a modern rounded shape, made of ABS. It is used wherever the appearance of an interior is important. Banquet halls, restaurants, conference centres, museums, shops, but also hotels and offices are ideal spaces for this loudspeaker. It can be mounted on a wall either vertically or horizontally. It is equipped with a high quality 130 mm full-range speaker and 100V transformer. The connection unit has a ceramic terminal block with thermal fuse. The loudspeaker has IP 32 rating. The housing and loudspeaker's grille are painted in RAL 9010.
