

PRODUCT LEAFLET

Analog heat detector 3308

FEATURES

- State of the art detector for highest safety
- Algorithms for classes A1, A2S, and BS included
Selection via EBL Win
- Possible to have both regular and alternative algorithms for highest security without nuisance alarms

DATA

-  - 10 to +50 °C
-  < 95%
-  Ø102x36 mm
-  49 g
-  Red LED

GENERAL

- Tested and approved according to EN54-5
- VdS approval: G208109
- CPD: 0786-CPD-21203, 0786-CPD-21204, 0786-CPD-232.1189
